Re: *Ex Parte*, WT Docket No. 10-4

Dear Ms. Dortch:

This is to inform you that on February 15, 2012, Lloyd Meese, President and CEO, and Michael Rodgers, Founder and CTO, of Wireless Extenders, Inc. ("Wi-Ex") and the undersigned spoke via telephone with Roger Noel, Joyce Jones, Moslem Sawez, Tom Derenge, Becky Schwartz, and Erin Griffin of the Wireless Telecommunications Bureau.

The purpose of the conversation was to discuss the status of the above-captioned signal booster proceeding, including industry efforts at arriving at a consensus regarding technical protections to ensure that consumers have access to non-interfering signal boosters to enhance their wireless experience. We were informed by FCC staff that they remained hopeful that multiple wireless carriers would submit proposals regarding the operation of signal boosters on their networks, including proposed technical safeguards. We reiterated Wi-Ex's willingness to assist with any industry efforts, and that it stood ready to comment on any proposals submitted in the record.

Please direct any questions regarding this matter to the undersigned.

Respectfully,
